## Do u want to mention anything about management or information sent and other organizational themes of the project?

Really grateful for managing every single problem we had during the project  
 Location should have been checked before. There was no wifi. Which was sad because some activities would have needed it, there was no electricity, and overall it was not clean. Towals changing didnt work  
 Would be good to send out information about online calls earlier, some were very spontaneous and therefore hard to attend.  
 Very glad that my problems were resolved really quickly.  
 Nope  
 No i dont want to mention something  
 The location could be checked properly before.

No  
 no  
 It was a very useful and enriching experience, providing us with a lot of valuable information and practical insights. The project offered many opportunities to apply in practice the knowledge and skills acquired at school. The communication and organisation were also helpful throughout the project and contributed to a positive learning experience.  
 It was ok  
 No one could have known that the place would be unfit, it was still very nice!

In the information on the hotel side were written, that the place has fast WiFi and internet connection. So we were surprised when we arrived and it was not the case. Some kids would have needed translators to communicate better or understand easier. We made what we could make it with what limited service and internet we had.  
 The organisation could have been a bit more structured and clear  
 Quite supportive and helpful  
 The kitchen could ve been set up better for the cultural dinners.

## Any comments about the activities?

## Accommodation and Food of the Training

Within your recent stay in the Elniakampis homestead, for the need of the youth exchange please rate your overall satisfaction with:

## Anything that you want to mention in particular that will make us better about our future projects which have to do with the accommodation place and the food in the project

Get more research for the accommodation because there's people who need to work on university stuff.

Better internet

I had stomach ache

Nope

An accommodation offering wi fi connection and closer to the city would be preferable. The food was really great . Mrs Regina was really kind.

This accomodation was great in terms of activity room but the kitchen was just subpar and the wifi and electricity shouldnt have been how it was.

We had meat twice a day for a whole week which is not good. WiFi is very important Vegetarian food, not just meat. The accommodation should have Been checked before. No wifi, no electricity, dirty and towels changing didnt work. Last lunch there was to less food so some of us had to wait an hour for the yesterdays food  
yes, it would be better if they paid attention to their diet

I don't want to mention something  
Better kitchen with more utensils to cook. The place is beautiful and I love that it is so close to nature

The water is kinda dirty, but the rest is good, no other problems.

Better wifi, more facilities in the kitchen, vegetarian options

it was good except from the water that was dirty

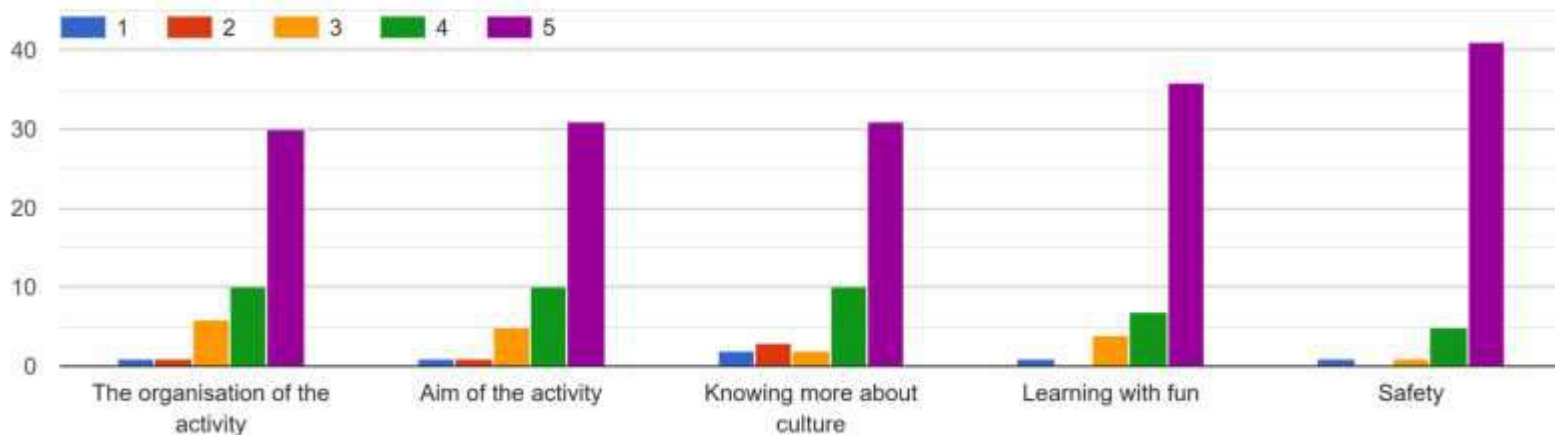

Everything was amazing

Another perfect Erasmus, thank u once more:)

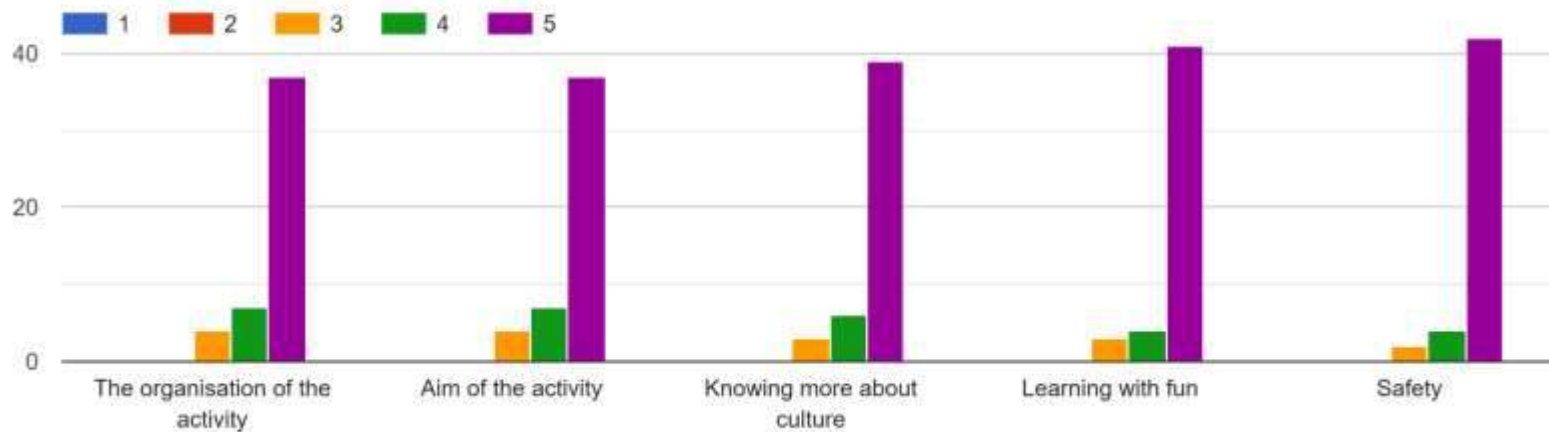

I know tha electricity was a neutral cause, but about the WiFi and the service we should know before, because with underage kids the parents were always trying to reach me, and when they couldn't they started to panic especially when the storm happened.

## General Questions

### In a few words, how would you describe your emotional outcome for the organization and implementation of the Youth Exchange?

Im glad that I've came  
It was great, I feel that this project completely fulfilled my expectations  
It was a really nice experience and i really enjoyed almost everything here.  
At the begining i was spectral about it but now i really enjoyed it and i had Tears in my eyes because it was too emotional  
I really liked it, will do again  
Very cool  
The Organization was good  
Happy, and excited  
Socialized  
i got myself out of my comfort zone and was so happy with the outcome  
The organization was really good, i enjoyd everything.  
I really enjoyed most of the activities. The organization was great. Working in the group and meeting new people from different natuonalities was extremely fun  
It was a bit disappointing, as I think the topic hat a lot of opportunities to offer more about actual stuff students need after school. And especially with the location it would have been great to connect it more with being offline & learning how to "connect with yourself". Mental health etc. but also about real life scenarios like More into finance, how you can actually find jobs, a flat to life, handle your household, cooking, phone contracts, university, taxes (& how to avoid them) etc Skills you really feel lost after school.  
Very positive and happy

I was very happy about this project and I had a lot of expectations and I really liked whatever we did  
Overall great, really grateful that I could talk to anybody about anything  
Organization was very good, I learned a lot of new things  
It was some challenges along the way, but I like how the whole thing came together. Was a little tiring but I enjoyed the conversation and connections I made.  
I liked it amd i had lots of fun  
Im am glad I have fulfilled all my expectations and learned a lot of facts on top as well, about different cultures from people all around Europe. This experience made me realise that I am really made for communicating and travelling, I am extremely grateful I had the chance to live it.  
Amazing, even without energy 🥰  
Loved it  
Nice experience by meeting new people, exploring other cultures and trying new dishes!  
It was fun overall but certain things shouldve been organized better  
I feel grateful, happy and inspired.  
I learned to be more patient and calm, and when i feel like my emotions are too overwhelming, i learned that i should keep calm and think rationally.  
I feel very grateful that I had the opportunity to meet other young people from different countries. I feel happy and satisfied by this experience.  
I felt really included and met new nice people. It was a great oppertunity.  
I leave with good feelings, but the food was really strange and bad.

Good, but sometimes bad  
I'm grateful I could have been a part of this project and spend time with you  
Everything was very good and well organised. The hosting organisation was perfect and i am so happy that i had a chance to participate in this project.  
I felt amazing  
O experiență plină de împliniri, bucurie, entuziasm, conexiuni frumoase și amintiri de neuitat.  
It was very nice  
It was my first time - it changed my life, i gained so much knowledge not inly from the activities but also from communicating with people from other countries. It was eye-opening. The activities were very good because it was THE hands-on experience we NEVER get in school- very useful. Exhilarated, fulfilled, and deeply inspired by the collective growth.  
Happy, grateful and a little sad that it is coming to an end.  
I was feeling like home and welcomed from everyone  
Very satisfied with the outcome as always  
Very positive and fulfilling — I feel proud, grateful, and happy with how the Youth Exchange was organized and implemented.  
Useful, memorable, reflecting  
6/10  
It was fantastic to be in the woods, and could focus on ourself for a bit.  
it was fun and Cognitive experience  
It was a lot of fun. Amazing project!  
It's a very good opportunity to grow

## Which activity had the maximum impact for you?

Pictures of the creation of the boat  
Intercultural Night  
The one with the identity flower  
I would say "3 lessons to learn"  
cause it was really eye opening  
when we played decathlon  
Theatre  
The one where we had to make our  
own activity  
Finance activity BUT it should  
include the leader more next time  
and give them opportunities to  
prepare for that activitie so they  
can help out the participants more!  
Money management, the theatre  
and the fake news activitie  
Creating non-formal educational  
events

Flower drawing  
history theatre  
Creating and implementing my own  
non-formal education lesson  
Money matters  
3 ways of learning  
The identity flower  
The money matters  
Personally, the most impactful  
activity for me was the one  
regarding implementing our own  
non formal educational lessons,  
because it really gave me all the  
insides behind creating a group  
project and transcribing it in real  
life, which was a fun challenge to  
overcome.  
The video making

Money matters  
Pentathlon  
Boat  
All of them  
Theatre activitie  
Any tbh  
Activitatea financiară și Catapulta  
The catapult activity  
I think the one where we made our  
own activitie.  
Creating and implementing my own  
non-formal education lesson.  
money matters,  
From my point of view, the best  
activity was the one with our  
national groups, in which we had to  
build different things like a tower  
or a boat.

The one with the finances  
Financial one  
The creating your own activitys  
part  
The exploration of nature the  
Biology class.  
The pentathlon  
Financial education  
Pentathlon of environment  
Cultures night  
fake news and media literacy  
The flower making and the  
dechatlon  
Money matters activity  
Decathlon  
The 3 ways of learning  
All had

## Which activity had the least impact for you?

Exploring the environment  
It wasn't like that  
Creating your own Company  
The one where we had to do  
something out of paper to hit a  
target (all pentathlon in general)  
I thing thd catapult. I found it a bit  
boring  
Exploding the nearby environment  
(as it was completely rushed by  
some participants and therefore  
sadly not as great as it could have  
been)

Pentathlon activity because i don't  
really like competitiv things.  
create your own company  
Theatre  
Making the front page of news  
Homework presenting  
The 3 way education forms  
Every activity had an impact  
Although it didn't have the biggest  
impact, the identity flower's petals  
still maked it interesting to see  
what qualities I like the most at  
myself.

None  
Fake news and media literacy  
Activity  
I don't know  
Nu am.  
Realities of Countries/Homework  
presentation  
All of them had a big impact  
Idk  
Where we had to design the  
plakats  
Everything had a impact

None, there were all great!  
i don t really know, i loved em all  
The catapult  
Creating and implementing my own  
non formal education lesson  
Energizer  
catapult creation  
The money budget thing  
Youthpass  
Money matters  
The finance one  
All had impact  
Katapult

## Any message you want to tell the facilitator's team? :)

Thank you for organising it, good job Gita.

Thank you Bobbie and Nikolas for your facilitation

Thank you very much!!! It was a great project

-

Bobbie Likes baltics girls

Love all if you guys

The Decathlon-Pentathlon could have been committed on different days within the week so as to be more competitive and take advantage of the beautiful environment around us. More outdoor activities would make the programme much more interesting. As for the accommodation, something else could be selected next time, so as to avoid the practical issue we dealt with.

Bobbie is the goat and gita did a really good job helping with so many things!!!

spend on making this project amazing ❤️

They were amazing and made us feel like at home. They explained everything so clearly and they always were helping us! ❤️

We all warmly love you, aiciū.

Mulțumim pentru această oportunitate extraordinară oferită tinerilor, dincolo de școală, pentru implicare și empatie.

It s very good

You are the best - never stop what you are doing. I know that sometimes it may seem not worth it but trust me - its a wonder to youth, to us.

You created a warm, positive and friendly atmosphere where everyone felt welcome and involved. Your enthusiasm and dedication made this experience truly special. We will leave with new ideas, great memories and, most importantly, happy hearts!

They do a good job, but the food was really bad and they could do with some new dating games.
